

MIT Chess Club

Sponsor Us!

About

We are a community of chess enthusiasts at MIT who enjoy one another's company and encourage others to join in the fun, promoting a light, relaxed, and competitive atmosphere.

Mission Statement

We serve the MIT chess community, inviting all levels to join in our spirited games and learning opportunities. Our programs, partnerships, and events include casual community gatherings, guest lectures and exhibitions, a competitive national collegiate team, and regular tournaments.

Working With Us

MIT saw a chess renaissance in the spring of 2016 under the steady and enthusiastic leadership of International Master Alexander Katz, Andy Trattner, Amir Cohen, and Jonah Butler. We hosted several successful events including a USCF-rated tournament with over one hundred participants—science, engineering, physics, and mathematics students from MIT and Harvard. We are fortunate to have one of the most talented player populations in the country, and we are seeking sponsors interested in creating an awesome partnership with our vibrant chess community.
